CHIEF EXECUTIVE OF INDIANA FACES TRIAL

Gov. Ed Jackson

been brought within the statute of limitations by an allegation that the three conspired to keep the asserted crime a secret until the charges were made public in Indianapolis newspapers a few weeks ago.

INQUIRY GOES ON
 After the grand jury had made its report, John W. Hollman, one of the special assistant prosecutors in charge of the inquiry into corruption charges, announced that the investigation is not yet ended.

Coffin appeared at the sheriff's office with Schuyler Haas, seventh district Republican chairman, provided bond, but made no comment. He said he might have a statement to make Saturday. Marsh was the third to surrender.

Assault attempts to intimidate witnesses and to interfere with their testimony; reluctance of many witnesses to testify; an asserted attempt to bribe grand jurors and the subsequent discharge of that grand jury in 1926 on the charge of conspiracy to defraud the state of Indiana of \$100,000.

The indictment was issued by the grand jury in 1926 on the charge of conspiracy to defraud the state of Indiana of \$100,000.

KLAN PROMISE CHARGED
 The indictment against Duvall charges that he made numerous political promises to the Ku Klux Klan and politicians before his election in violation of the Corrupt Practices Act.

The charge that Jackson offered a bribe to McCray and assured him of immunity from conviction was first made several weeks ago. Several Indiana newspapers at that time called on Jackson either to resign or offer a satisfactory explanation of the matter. The Governor, however, did not reply to the charges until last Tuesday.

At that time Jackson denied the charge that he offered McCray money but admitted that he went to see McCray in the interest of having McDonald appointed prosecutor instead of William H. Bemy.

STATES OUTLINE RIGHTS DEFENSE

Delegates Reach Capital for Conference
Will Map Fight to Repeal Federal Estate Tax
Encroachment by Congress to be Opposed

WASHINGTON, Sept. 9. (Exclusive)—Between thirty and thirty-five states will be represented in Washington tomorrow by official delegates from their respective legislatures. These delegates are attending a special conference to select a date, prepare a program and outline methods of procedure for the national conference of State Legislatures. At this forthcoming conference it is expected that twenty-five or more governors will join personally in presenting to Congress the program for repeal of the estate tax which meets tomorrow.

These delegates are here to champion the cause of those who believe there already is too much centralization in the Federal government and who believe also that the tendency toward further encroachment on the sovereignty of the states should be curbed. In short, they are outspoken advocates of State rights.

The immediate hope of the delegates is a repeal of the Federal estate tax. Twenty-six states have gone on record as favoring the repeal of this particular act and others are preparing a program which will include, in addition to the repeal of the Federal estate tax, the amendment or repeal of other legislative acts regarded as hostile to state interests—due regard for the wishes of State governments on questions of joint levies, a normal peace-time plan of taxation under which the rights of the states will be safeguarded, etc.

Johannesburg, South Africa, will have a railway station costing \$2,000,000.

INDIAN FLARE-UP FEARED

Round-up of Range Ponies in Idaho Stirs Armed Tribesmen to Fierce Protest

POCATELLO (Idaho) Sept. 9. (P)—Round-up of range ponies in the vicinity of the Fort Hall Indian Reservation twelve miles north of here may precipitate an outbreak of the Bannock and Shoshone Indians.

Because of the arrest of Jim Baker, duly succeeded in dispersing the tribesmen.

The situation still is regarded as critical, although no shots were fired last night. A Federal Indian agent is reported to be en route here.

The trouble started when a Portland concern contracted for several thousand head of wild horses which the government is endeavoring to remove from this section. It is understood the purchasers plan to ship the animals to Portland and other points for slaughter.

They feel also that Congress has broken down the barrier and entered other fields which should be left exclusively to the states for taxation purposes. They therefore are preparing a program which will include, in addition to the repeal of the Federal estate tax, the amendment or repeal of other legislative acts regarded as hostile to state interests—due regard for the wishes of State governments on questions of joint levies, a normal peace-time plan of taxation under which the rights of the states will be safeguarded, etc.

Johannesburg, South Africa, will have a railway station costing \$2,000,000.

BLOW DEALT BY FRENCH TARIFF

American Business Men Get Jolt in New Schedule
Duties Declared Prohibitive in Many Instances
Importers Besiege Embassy With Pleas for Protest

PARIS, Sept. 9. (Exclusive)—American business men in France had a severe shock today when they examined detailed copies of the new French tariff, which became effective last Tuesday.

Aside from a serious blow which the tariff deals to nearly \$90,000,000 worth of American manufactured goods sold in this country every year, the Americans are greatly surprised to learn that maximum duties have been applied to those manufactured articles, instead of an average rate, which they were led to believe would be accorded American products.

In many instances the duties will be prohibitive, and unless modifications are obtained, the companies involved will be forced to suspend operations in France.

Faced with this new situation, importers besieged the offices of the

PHYSICIAN EATS TOY BALLOON

Friend Blows It Up and He Finds Why Sleepiness Follows Meals

CHICAGO, Sept. 9. (P)—Two Chicago scientists, using a toy balloon and a stomach pump, have learned to their satisfaction why objects blur and one feels drowsy after eating.

Dr. Thomas Dyer Allen, ophthalmologist of Rush Medical College, and Frank Percy of the department of physiology, University of Chicago, were the experimenters. While one swallowed a balloon attached to a stomach tube the other blew it up.

In a few moments the subject became drowsy and had all the symptoms of having overeaten.

"It's distention of the stomach," they decided.

MISS AMERICA GIVEN CROWN

Illinois Girl Elevated as Queen of Beauty
Has Blue-Gray Eyes and Long Blond Hair
Runner-up, Texan, Extreme Brunette Type

ATLANTIC CITY, Sept. 9. (Exclusive)—Miss Lois Eleanor Delander (Miss Illinois) of Joliet, a slim, 16-year-old beauty, with blue-gray eyes and unbobbed blond hair, was crowned Miss America here tonight before a crowd of several thousand in the large auditorium of Young's Million Dollar Pier.

The runner-up is Miss Maudie Ransome, 18, of Dallas, Tex., competing as Miss Dallas.

Miss Delander is a student in high school in Joliet and has no desire, she says, to go on the stage. She wants to be an artist.

Miss Dallas, the runner-up, is of a contrasting type of beauty. She is decidedly a brunette, with lustrous night-black hair which she, too, wears long, and an olive complexion. She, too, is a high school girl.

Frieda Louise Myers (Miss New York) this afternoon carried off the grand prize in the famous rolling-chair parade.

Outbursts Against Japanese
Declared to be Serious

Forty Thousand Chinese in
Mukden Demonstration

Trouble Attributed to Effort
to Enforce New Policy

(Copyright, 1927, by Chicago Tribune.)
SHANGHAI, Sept. 9. (Exclusive)—Serious rioting and anti-Japanese outbursts are spreading throughout Manchuria. More than 40,000 participated in a parade in Mukden carrying anti-Japanese banners. According to reports from Chinese sources here, the anti-Japanese is due to Japan's attempt to enforce a new policy in Manchuria which the Chinese interpret as similar to the famous twenty-one demands in 1915, for the purpose of converting Manchuria and Inner Mongolia into a Japanese colony similar to Korea. According to a report from Harbin, Jostro Yamamoto, newly appointed president of the Japanese-owned South Manchurian Railway, declares it is necessary for Japan to obtain supplies and raw materials valued at \$350,000,000 annually from Manchuria and Mongolia, that Japan intends to settle definitely the status of these areas in order to solve Japan's population and food problems, and hence Japan intends to preserve Manchuria and Mongolia free of political disturbances which are prevalent in the rest of China. The Japanese Minister, Yoshizawa, is exerting pressure on Marshal Chang Tso-lin to put down the anti-Japanese agitation, but Marshal Chang is embarrassed due to the renewed Nationalist offensive from the Tangtze Valley.

SYNTHETIC AUTO NEXT STEP

Scientists See Us Burning Imitation Gas, Riding on
Imitation Rubber Behind Imitation Glass

BY DR. EDWIN E. LORSON
Copyright, 1927, by Science Service, Inc.
DETROIT, Sept. 9. (Exclusive)—The future of the automobile has filled the minds of many of the members of the American Chemical Society meeting in Detroit this week. What will be the next step was a question often discussed.

First and most fundamental is how long will the fuel hold out. According to J. B. Hill of the Atlantic Refining Company, Philadelphia, the most vital problem is producing a substitute for gasoline.

"While there is no immediate prospect of serious gasoline shortage, it nevertheless is certain that the petroleum resources of the world are not inexhaustible and that the time will come when we must have another source of motor fuel to supplement or replace gasoline," he said.

SYNTHETIC GAS
Two methods of making gasoline artificially have been worked out in Germany. The Bergius process gives forty gallons of motor fuel from a ton of coal by employing hydrogen under a pressure of 3000 pounds per square inch. The Fischer process makes from water gas a liquid solid as "synthol."

The railroad owes its early growth to the lack of rubber chemistry, the automobile to its discovery," said William C. Greer of New York, for the first self-propelled carriages truly were horse-drawn. Twenty-five years ago a tire that ran 4000 miles was regarded as a good investment. Today the tread will stand 10,000 miles and the cord a tire that runs 4000 miles in 10,000 miles. No other substance is as tough material. Steel gives way in a tenth the time. Brass or leather would wear out much sooner.

But Mr. Greer predicts lighter and tougher tires in the future, also tubing insoluble in gasoline and oil and rubber paints to which water and ice will not cling. He sees no need for synthetic rubber, but Charles F. Kettering of General Motors, is more sanguine on this point. He said that he does not believe that the rubber tree had in mind the needs of the tire manufacturer when it developed its lymphatic system any more than a hen laid eggs for omelettes. Some time the chemist may improve upon rubber or even make a better thing.

The possibility of getting your automobiles repaired while you wait and change to match your lady's gown comes from the invention of synthetic lacquers in place of the old varnishes made from natural gums and resins. The lacquers are mostly made from cotton by the action of nitric acid and dissolved in mixtures of various alcohols, esters and oils. A new synthetic resin made from coal tar naphthalene was commended to the chemists by Prof. R. Rogers of Brooklyn and Clifford Banta of Philadelphia. It is called cumar, is cheap and gives a hard glossy surface, was

Over Arbitrary Act

WASHINGTON, Sept. 9. (Exclusive)—Legislation to curb the powers of the Federal Reserve Board was demanded today by Senator Glass, Democrat, Virginia, in a statement denouncing the board for its arbitrary action in ordering a reduction in the rediscount rate of the Chicago Federal Reserve Bank.

Senator Glass, one of the authors of the Federal Reserve Act, as chairman of the House Committee on Banking and Currency and who was later, while Secretary of the Treasury, the ex-officio chairman of the Federal Reserve Board, denounced the action in the Chicago case in unparliamentary terms.

"One is justified in the inference," asserted Senator Glass, "that it is the deliberate purpose of the board as now constituted to appropriate arbitrary authority which Congress never intended it should exercise and to perpetrate every situation by legislation which nobody will interpret."

"I surely am glad I didn't miss that trip"....

—hundreds of our guests have said it.

THE Girard free auto tours provide a day of wonderful recreation, as well as scores of interesting facts and figures, that it would be difficult to obtain in any other way. The famous Wilshire residential district, the world-renowned movieland of Hollywood, the hillside residences and charming scenic beauty of Caluenga Pass—and the wide, colorful expanses of beautiful San Fernando Valley—these glide by in ever-moving panorama while you rest leisurely in the comfortable seat of one of our palatial busses.

We stop for an hour or so at the Town of Girard and Walnut Acre Farms, which is located across the boulevard from Girard. Those who are interested in dramatic accomplishments will enjoy seeing Girard. In four years a town of more than 200 homes has taken form—more than \$2,096,000 has been invested in improvements. People from all over the world are numbered among the purchasers in this townsite. Sales have approximated 8½ million dollars. The strategic location of this town, the tremendous plans now under way for

the development of this section of San Fernando Valley, the rapid outreaching of Los Angeles toward this favored district—these and many more things promise to those who invest now, a handsome profit. Now is the time to buy.

Come today as our guest. Appetizing luncheon served free. No obligation whatever. Just phone MUtual 5811 and we will hold seats for you. Buses leave 518 and 532 South Hill Street (in front of Boos Brothers' Cafeteria) every morning at 10:30 and 11:45.

OUSTED KING AGAIN SEEKS GREEK RULE

George II, With Riches
Left by Ferdinand, Plans
to Regain Throne

BUCHAREST (Rumania) Sept. 9. (P)—Now that he again is supplied with funds, George II, former King of Greece, is credited with the intention of seeking to regain the throne of Rumania.

Until the death of King Ferdinand of Rumania, George and his royal consort, Elizabeth, reigned only \$10,000 a year. Now they have \$500,000 bequeathed to them by Ferdinand, Elizabeth's father, and friends say they intend to begin an active campaign to regain the throne.

George, who is known to be in frequent touch with influential Greeks in Athens, is quoted as having told a friend recently: "The Greek people will soon sicken of revolutionary leaders and call me back."

"I hold myself at the service of the Greek people," he is said to have continued. "I am sure that my plebiscite, if honestly conducted, will show that the people want a monarchy."

In their enforced exile, George and Elizabeth always have signed themselves King and Queen, and they have despaired of regaining the throne. For politeness' sake they always are addressed as "Your Majesty" and in Rumania they receive the homage accorded royal sovereigns.

SAN FRANCISCO, Sept. 9. (P)—Two
bandits walked into the Market-street
office of G. R. Randolph, diamond
broker, today, threatened him with
guns and escaped with diamonds val-
ued at \$20,000. Randolph fired a
shot at the fleeing men as they
disappeared in the crowd.
Randolph was seated at his desk
shortly before noon examining a
tray of diamonds. No intent was
on his work that the bandit pair
entered unobserved.
The broker looked up into the
muzzles of the men's guns. They
demanded the diamonds. Randolph
hesitated and they snatched the tray
from his hands and fled.
Randolph could only tell the police
that one bandit was tall and the
other short, both masked.

Mayor of New York City
ROME, Sept. 9. (P)—I can under-

ing with Mussolini for three-quarters
of an hour that he has been the won-
derfully successful man that the
world recognizes.
Somebody asked me how he was
dressed. I must frankly say I did
not notice. I do not know whether
he wore a cutaway like mine or rid-
ing breeches. I only noticed his at-
traction from the chin up.
We discussed things in general. I
enjoyed him immensely and hope he
felt that he did not squander his
time talking to me. Indeed, he
showed great interest in New York
City. Our meeting was undoubtedly
a most delightful occasion for me.
In substance I found him a man
of great personal attraction, like all
great men, a man of great strength
and at the same time of great sym-
pathy. Obviously he is a man of su-
perior attainments. His outstanding
success lies in the fact that he is a
gentle humanitarian.
I do not believe it would be good
form for me to repeat what he said,
especially since when he wants to be
quoted he knows how and where to
do it.
In conclusion, while we were to-
gether there was no minority. There
was only unanimity.

**No Two Hours Alike
in Canyon Edge Estates at
Huntington Palisades**
On Santa Monica Bay
Each hour is new in Canyon Edge Estates. The ocean awakes as a placid
mirror only to become a sea of sparkling waves—verdant canyons are
swards upon which a pantomime of fantastic shadows play—the rugged
mountains, green, then brown and orchid purple against the azure cloud-
flecked sky and o'erhead frond-like branches of great old trees are steeped
in rest only to burst into sprightly dance with the first tune of refreshing
breezes.
No dull monotony to wear away the happiness of living for those fortu-
nate enough to claim Huntington Palisades as home.
To Nature's lavish charms man is adding modern improvements to cost
upwards of \$1,000,000. Wide curving paved drives, concrete curbing and
sidewalks, ornamental electroliers blend with the beauty of the land, and
beneath the surface are sewers, mains for water and gas, and conduits for
electricity and telephones, with connections to each site inside the curb.
Here the streets need never be torn up—nor will there be unsightly poles
to mar the landscape.

Joshua Little
On Vacationers

THE reason why lots of us go as far from home as possible on our vacations is that our importance increases with every passing mile.

We can't fool anybody much fifty miles from home. Folks there know the main street at home isn't named for us.

But 2000 miles from home things are happily different. The silver car grows into a limousine, the flat into a palace, the clerkship into the executive management, the skinny salary into the chief cause of the national treasury's overflow.

We can delicately intimate that in all matters financial and social we are supreme dictators back home, and be admired for our modesty.

Yet it doesn't pay. Many a merchant prince of Ooshkosh and pampered heiress from Savannah, have met and loved in California—yet given each other up for ever because he was scared to let her know that, bluff aside, he was only a soda-jerker; while she would rather die than let such a swell discover that back home she worked in the Five-and-Ten.

Yea, Palomine, even for vacationers, honesty is the best policy. The chap who spends his money for the thrill of appearing important for a little while just sets himself back that much from the genuine thrill of some day really amounting to something.

Delp and Schmidt Eliminated in Semifinals of State Golf Tourney at Del Monte

BY BILL WISE

"Times" Staff Correspondent

DEL MONTE, Sept. 9.—Johnny McHugh of San Francisco and Charles Delp of Tacoma will play thirty-six holes over the Pebble Beach golf course here tomorrow.

McHugh won the California State amateur golf title.

M'Hugh won a 12-hole tournament here yesterday.

He defeated Fred Schmidt in the final round.

Schmidt also of San Francisco, 1 up and Hunter won the right to compete for the major title in West Coast golf by eliminating Frank Delp of Portland, 3 and 1, late today.

Headed by George Von Elm, former national amateur champ fourteen additional Los Angeles golfers who started here yesterday will be included in the final's gallery expected to number more than 10,000 fans tomorrow.

McHugh celebrated his eighteenth birthday yesterday by defeating Fred Schmidt.

He won the California title here in 1923. The Bay City youngster, a member of the Olympic Club, has won the northern amateur three times and has been goldenly crowned San Francisco city champ on many occasions.

Hunter invaded California for the first time two years ago and all excited about attending a university.

Tunney Still Fearful of Reopening Cut on Eye So Dodges Boxing

LAKE VILLA (Ill.) Sept. 9. (P)—Now that boxing has been forbidden the heavyweight champion, due to the heavy cut on his right eye, Gene Tunney has taken up golf as a means of keeping in shape until he again can enter the ring.

For the third successive day, Gene decided that a session with his mallet would do him far more good than the customary 12 rounds with his sparring partners and would obviate the need for a doctor.

CHICAGO, Sept. 9. (P)—Jack Dempsey by proxy sparred with the law today while in person he listened to arguments on a petition to restrain him from boxing.

Gene Tunney for the championship on the 22nd Inst. Judge Otto Kernier in Superior Court reserved his decision until tomorrow.

Dempsey, set for a day of activity at his training camp, 11 in coin-fields, was matched from the atmosphere of the law books upon the demand of the plaintiff.

Vic Aldridge Twirls Pirate Crew to 3-2 Triumph

Cards Outrally Dodgers to Cop in Tenth, 8 to 6

CHICAGO, Sept. 9. (P)—The New York Giants kept pace with the league-leading Pirates today by defeating Chicago, 7 to 2, in the first game of a series here while the Pirates downed the Phillies. The Giants are trailing the Pirates by half a contest.

About 25,000 fans turned out to watch the opening of the East-West tussle.

Solid hitting combined with a leathery play by "Sparky" Adams and steady hurling by Grimes was responsible for the New York triumph.

The McGraw men put the game away in the second inning. Hornsby started a rally with a walk and scored when Grimes drove the ball over the left-field wall for a home run. Harper followed with a triple and crossed the plate on Taylor's safety.

Three more runs were put over by the invaders in the fourth and fifth.

Molla Mallory Meets Dutch Racketeer Today

PHILADELPHIA, Sept. 9. (P)—The Pacific Coast's dominance in girls' tennis was exemplified again today when Miss Cruickshank, Santa Monica, Cal., won the national championship in singles at the Philadelphia Cricket Club.

She defeated Sarah Palfrey of the Boston tennis-playing family, 6-0, 6-3, to give the Far West the singles crown for the fourth successive year.

The California pair of Miss Gladman and Josephine Cruickshank, Santa Ana, vanquished Clara Louise Zinke, Cincinnati, and Lee Palfrey, sister of Sarah, at 6-2, 6-1.

Mrs. Molla Mallory of New York won a scintillating match from Ellen Bennett, the English star.

FIFTY YEARS AGO

FIFTY years ago, the great railroad systems of America were only beginning the greatest stage in their development. Yet today many of the country's greatest fortunes have had their basis in railroad securities, which rank as the most conservative of investments.

The field of motor transportation offers similar opportunities today. Consider the remarkable increase in travel on Pickwick Stages, and the growth in net earnings of the PICKWICK CORPORATION—then investigate the sound investment offered by PICKWICK Preferred and Common shares which pay dividends quarterly. Latest financial statement furnished on request.

IN HOWARD C. KATZ'S opinion, the Ventura-area oil business has been "in the doldrums" for the past few days. "It's been a very slow day, bringing in a lot of sleepers," he says. "Increased output is expected in the month of the opening of the production, which is the third campaign, which started in late spring."

Howard, who is in charge of the overproduction of oil in the Ventura area, says that the amount of production is expected to be about 17,000 barrels a day. "The reason for the slow production is that the oil is not being produced as fast as it is being consumed," he says. "The oil is being produced at a rate of about 17,000 barrels a day, but it is being consumed at a rate of about 18,000 barrels a day. This is why the production is slow."

Removal of Dead Man's Isle Attractive Contract

All West Coast Companies Expected to Bid

United President Out from East Studying Plans

The dredging companies on the Pacific Coast are expected to bid for the \$1,000,000 Federal job of widening the Los Angeles harbor channel and removing Dead Man's Isle, a small island in the harbor. The project is expected to be completed by the end of the year. The United States Army Corps of Engineers is the owner of the project. The project is expected to be completed by the end of the year.

The latest firm apparently most interested, and already enjoying a similar job under way here, is the United Dredging Company, whose activities cover two coasts. The company is expected to be the winner of the contract. The project is expected to be completed by the end of the year.

Raymond A. Perry, who has been out from the east to study the project, is expected to be the winner of the contract. The project is expected to be completed by the end of the year. The project is expected to be completed by the end of the year.

BARTHELMESS FIANCEE IN CITY

Advance in Date for Wedding Denied

"Family" Reunion
Left to right—Katherine Young Wilson, Mary Hay Barthelmess and Richard Barthelmess.

THE unheralded arrival here Tuesday of Katherine Young Wilson, fiancée of Richard Barthelmess, screen actor, does not mean that previously announced plans for a wedding in November are to be changed. At least Barthelmess and Miss Wilson, who were found yesterday at Barthelmess's Beverly Hills home, state that it is not.

Recent Hollywood and New York gossip has been to the effect that the pair will be married quickly here upon Miss Wilson's arrival. The fact that her arrival was not announced publicly last evening to the rumor, however, when Miss Wilson was interviewed yesterday she denied any change of plans.

The visit, it was stated, is for the purpose of getting acquainted with Katherine's family, and with her friends here. Miss Wilson also will inspect the home in which she will live.

Barthelmess is to start work in a few weeks. He has asked for a vacation following the completion of his new picture and according to present plans the wedding will be solemnized New York during the vacation. It is expected it will be in November.

Chest Chairmen of Films Named

Sol Wurman and E. P. Schulberg have been appointed co-chairmen of a special committee to arrange for raising the motion-picture industry's quota during the fourth annual appeal of the Los Angeles Community Chest.

To decide on plans for the campaign the committee will meet Monday night. It will have charge of the collection of funds from all studio workers for support of the Chest's agencies.

Offer of the Sherman Lions' Club to take charge of the Sherman district in the coming Chest appeal has been accepted. Fred Foster, president of the club, has named Robert H. Olsen, co-chairman of the division. He will be assisted by Robert McDonald, W. G. Oulshove and John Bloedorn.

ADMISSION DAY FIESTA LIVELY

Native Sons and Others Have Good Time at Fete

Spanish Atmosphere Adds to Jolly Occasion

Old Vehicles Displayed With Other Local Relics

California of the early days lived again yesterday when the Native Sons and Daughters of the Golden West and the Loyal Adopted Sons celebrated Admission Day at the gardens of the Los Angeles Union Stock Yards with a fiesta that began in the morning and ended not until late at night.

Many of the "old-timers" attended the festivities, while those of the younger set of native California fitted gayly about the fiesta grounds clad in the costumes of the pretty señoritas and gallant caballeros. The celebration at the gardens was of dual significance because it was on that very spot that the Basilio de la Mesa was fought, ending the "Californians' control of the territory.

A patio was laid out in the gardens, two long buildings of stucco with tile roofs of the mission style flanked the patio and housed various booths holding exhibits or being used as headquarters for the several orders participating in the celebration. Some of the old vehicles used in the days of early settlement were on exhibition, including the four-horse stage coach, driven yesterday by Charles Bryant. He tried a coach full of gay señoritas, with a mounted "buffalo bill," armed to the teeth, as an escort.

The first horse cart and hook-and-ladder wagon used in Los Angeles also were on exhibition. But the old Spanish or early took first prize as the oldest relic in the line of transportation facilities.

A feminine trio who attracted a great deal of interest were Mrs. Freeman G. Teed, Grace Coe Goucher and Mrs. E. M. Timmerhoff who tripped about in Spanish dress in vogue when their mothers were little girls in California. Mrs. Timmerhoff carried a little Spanish relic in her hand.

WOODMEN'S DEDICATION RITES TODAY

La Fiesta Camp Temple on West Eighteenth Will Open With Program

La Fiesta Camp, No. 63, Woodmen of the World, will dedicate its new temple at 121 West Eighteenth street tonight. All the officers of the association residing in California have been invited to be present, among them Deputy Head Consul Peter P. Gilroy of San Francisco, Head Banker A. E. Sunderland, Mayor of Fresno; Head Adviser John Wilson of San Francisco; Head Watchman L. E. Whitehead of this city; T. J. Barry, A. E. Trower of San Francisco, George H. Johnson, District Attorney of San Bernardino county, members of the law committee.

La Fiesta Camp has a band of twenty-five pieces under the leadership of Capt. N. E. Lane. The dedication ceremonies will begin with a band playing and a program of whistling solos, classic dancing, vocal selections, cornet and clarinet solos and the address of the evening will be delivered by Deputy Head Consul Gilroy.

La Fiesta Camp, No. 63, Woodmen of the World, was instituted February 13, 1885. It has owned the land upon which the building recently was erected, and the investment, including the building is approximately \$75,000. It will hold its meetings at its new building on Monday nights.

The exterior architecture of the building is treated in a simple but massive way to symbolize the features of woodcraft, making a very distinctive temple appearance.

Woman Hurt in Auto Collision May Lose Hand

Mrs. Jeannette Stone, 20 years of age, 171 South Mainland avenue, was pinned by the wheel under her car when it overturned after being struck by a truck at Third and Normandie streets yesterday. Police Bureau reports that the Georgia street car, owned by the Georgia street car company, was driven by a body guard "at times," as he put it.

Mrs. Arthur Brooks, 33 of 107 South Las Palmas drive, companion of Mrs. Stone, received cuts on the face and body but was not seriously injured.

CHILDREN AT HOSPITAL HAPPY WHEN CIRCUS PAYS THEM VISIT

Twelve clown, two harlequin, a dancing horse, acrobats and contortionists from the Ringling Brothers and Barnum and Bailey Circus gladdened the hearts of children at the Los Angeles Children's Hospital yesterday morning. The affair was given by the circus under the auspices of the Ringling Brothers and Barnum and Bailey Circus.

Then there is Con Collins with his unprecedented feats of the high wire; the Valdes from England with their acrobatic feats; May Wirth, the greatest harlequin rider that ever lived; Miss Winifred, the wonder girl of the swinging trapeze; Alfredo Odono, who performs "the most daring, sensational and at once the most graceful acrobatic feat ever accomplished in mid-air," and many others far too numerous to mention.

In addition, there are clowns of every conceivable shape and form who bring gales of mirth to the beholders, not to mention hundreds of wonderfully-trained horses and riders, trained elephants, dogs, seals, a large assortment of rare and interesting wild animals and the inevitable sideshow with amusements, games, and a variety of other attractions.

Outstanding performances that brought thrills to the audience were those of Bertie, a variable whirlwind of fire on the wire; Nelson and Nelson, "who do more at the top of silts than many would attempt on the ground," and Miss Lillian Laid, diminutive aerial gymnast of whom the program says, "suspended at dizzy heights, this miniature marvel to do many things every law of gravity, casting her body over her own shoulder scores of times without pause."

BARRAGE IN JACOBSON CASE SEEN

Police Captain to Face Ranking Cross Fire, But Says He Welcomes It

Indications were yesterday that Capt. Bert Wallis, first witness called in the trial of Councilman Carl Jacobson, will be subjected to a most searching cross-examination at the hands of defense attorneys. An interesting feature of the trial is the resumption Monday morning of the cross-examination of Jacobson's attorneys may see it to subject him. They had been questioning him for about half an hour after the completion of his direct testimony when court adjourned Thursday. Defense attorneys intimated that it may take a full court day to complete the cross-examination of the police officer.

Lacking something definite in the form of testimony over the holiday, reports of various sorts were current in connection with the Jacobson case and asked to be subject him. They had been questioning him for about half an hour after the completion of his direct testimony when court adjourned Thursday. Defense attorneys intimated that it may take a full court day to complete the cross-examination of the police officer.

Accidents of Freak Nature Injure Five

Four accidents of unusual nature or results were reported to police yesterday, only one of them, however, being of a really serious character. While trying to pry up a sand pump with a crowbar at Los Angeles Harbor breakwater, Ed Smith, 37 years of age, of 2215 West First street, San Pedro, lost his grip and wrenches his back so severely that his spinal cord was affected. At the Georgia street hospital it was found that Smith's legs are paralyzed.

T. Coffey, 46, who lives in a rooming-house at Santa Monica Boulevard and Vine street, swallowed a lens of his eyeglasses while cleaning it yesterday. He put it into his mouth to moisten it and the glass went down his throat. Surgeons are attempting to extract the object from his stomach.

Reporting that he was stabbed in a poolroom at Eighth and Linden streets yesterday, Albert Urech, 33, of 877 East Adams street, was treated by Dr. Loposch at Receiving Hospital for superficial flesh wounds in the leg. Police expressed doubt of the man's story as to what caused his injuries.

The other freak accident happened to Jack McAnany, 11, of 4471 Victoria Park drive, and Fred Gold, 8, of 1111 North Main street, who were climbing down a steep hill near Jack's home. They lost control of their coaster and crashed into a telegraph pole, both being hurt but not seriously, and were able to go home after treatment at Receiving Hospital.

BULGARIAN SCULPTOR IN HOLLYWOOD

Comes to America Intent on Wedding Sweetheart and Opens Salon Here

California has lured Athanas Katchamakov, Bulgarian sculptor, from the Balkans to Hollywood. The sculptor, who is in the migration of his sweetheart, former art instructor at the Sofia high school, who came to Pomona a year ago to visit relatives, is now in Hollywood, where he has opened a salon at 1129 S. Central street.

"The screen has convinced me that all beauty, apparently, comes to Hollywood sooner or later, so I argued that is the logical place for an artist to be," Katchamakov said yesterday.

The first Hollywood model of the Bulgarian is Count Ilya Tolstoy, son of Leo Tolstoy. The unveiling of a life-size bust of the Count will be made the occasion of a salon and reception extending over three days beginning this evening with the Russian present as guest of honor.

Katchamakov originally was trained for the law and practiced a year in Sofia but his boyhood love of art persuaded him to turn to sculpture. He graduated with honors and went to Rome for work under Prof. A. Nicolo. In 1918 he won first prize at the Vienna international exhibition.

WELFARE ADDRESSES
The International Welfare Association will be addressed Sunday at 4 p.m. by Joseph Wright of South Pasadena, and Thursday at 7:30 p.m. by J. Nichols. The addresses will be given at the city hall at 307 Marchessault street.

COUNCIL TO ATTEND DINNER TO ADMIRAL

The City Council has accepted the invitation of the San Pedro Chamber of Commerce to attend the reception and dinner to be given next Thursday evening by the San Pedro Chamber of Commerce to Admiral L. B. De Steiguer, U.S.N. commander-in-chief of the United States battle fleet.

The dinner, which will be given at the Royal Palm Golf Club Park at White Point in the Harbor District, will consist almost entirely of sea food, the invitation stated.

FLEET AIR PLAN ANNOUNCED

Thirty-six Planes Carried on Dreadnaughts Will Operate Directly With Battleship Division

Thirty-six fighting and observation planes, carried aboard the twelve dreadnaughts themselves, hereafter will operate directly with the battleship divisions of the battle fleet, under an operations plan announced yesterday aboard the U.S.S. California, fleet flagship.

Of first notice is the new squadron of Boeing fighting planes, manned by enlisted men, which will join the battleships next week under Lieutenant-Commander George F. Chapline, noted Navy flyer. The new squadron of fighters is the first unit to enter service under the new Navy Department policy whereby one-third the quota of active pilots will come from the enlisted personnel of the fleet.

In addition, two observation squadrons of Vought "OO" two-seaters and Loening amphibian three-seater planes will be quartered aboard the battleships for spotting fall of shot and short-radius scouting. The first squadron, comprised of eight Voughts and four Loenings, will be commanded by Lieut.-Commander C. T. Dugan, also wing commander of the planes with the dreadnaught squadron.

The Lancer

by Harry Carr

ANDREW J. MELLON, Secretary of the Treasury, must be impressed with the fact that a prophet is not without honor save in his own country. I doubt if any man now living has ever performed a more striking service for the world.

The war closed with the finances of this—and every other country—in a state bordering on chaos.

CHEAP ABUSE

Yet, in seven or eight years, he has put us back on our feet—shipshape and with the house in order.

It is the luck of America that always made along the right man at the right time. Nobody but a great financial genius could have achieved this triumph. Yet he already is the target for cheap abuse and will be called every name in the dictionary of Billingsgate during the coming campaign.

THE DEMON EDITOR

That David Reardon ought to be an interesting book of reminiscences.

David was for years editor of Munsey's and other magazines; and as such probably discovered more good writers than any other living man.

The ambitious young writer usually visualizes a magazine editor as a Danish old man who yells with demoniacal glee as he thrusts the rejection slip into the envelope; then bites the envelope and stamps on it with blood-stained feet.

The fact is, they are a patient breed, almost pathetically hopeful that each rejection will sent the sparks for which their souls yearn.

VERBATIMITY

It is no surprise to learn that Rupert Hughes is at work on a history of the lost Mayan civilization.

An accomplished musician and composer, a military expert, a painter and a writer of parts and general, Mr. Hughes is likely to break out in any direction.

Among other things he used to edit an encyclopedia. So digging into Mayan mysteries will be no novelty for him.

Incidentally, the romance of the lost and fascinating civilization is one of the most worth-while stories that remains to be told.

A GREAT PAPER

It will be interesting to see what happens to the Kansas City Star since the death of its editor, Irvin S. Kirkwood, who was the son-in-law of William Rockhill Nelson, and has carried on his fine traditions.

It has always been a newspaper of the most pronounced individuality—holding its place like a rock in the face of the silly avalanche of yellow journalism.

PALE YELLOW

Perhaps it is symbolic that the editor died with the turning of the tide.

Yellow journalism, as we have known it, is deadlier than the traditional herring.

It tried to be sensational; but never was in actual fact. It was merely puffing and immature.

It could not survive in the face of the new tabloid journalism (New York variety), which is infantile.

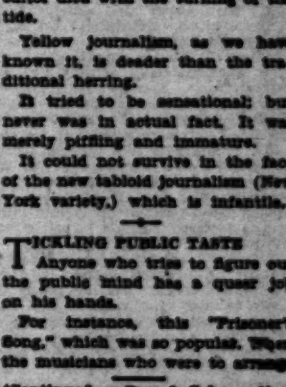

TICKLING PUBLIC TASTE

Anyone who tries to figure out the public mind has a queer job on his hands.

For instance, this "Prisoner's Song," which was so popular. When the musicians who were to arrange (Continued on Page 2, Column 1)

Los Angeles Aviator Dies in Plane Crash but Passenger Escapes With Slight Injury

TRAGEDY NEAR CLOVER FIELD

Crushed Flyer Succumbs at Soutelle Hospital
Craft Recently Purchased for Flight Training
Victim Once Convicted as Reckless Driver

Carl Carline, Los Angeles aviator, was fatally injured and his passenger, Thomas H. Carey of 481 West Forty-second street, was injured when Carline's plane crashed near Clover field, about 10 miles west of Los Angeles, yesterday afternoon.

The plane was a Curtiss JN trainer, which Carline had recently purchased and repaired to use in instructing student aviators. It took off from Clover field at about 2 p.m. and had been cleared the edge of the field when it was seen to turn nose downward and fall to earth. Carline's head and legs were crushed, but he lived for about an hour and a half, dying in the hospital at Soutelle, where injuries are comparatively slight, was taken to the Los Angeles General Hospital.

Last February Carline gained the distinction of being the first aviator ever convicted in California at least of a reckless driving charge. In attempting to take off from the public street at Leona boulevard, Venice, because the regular landing field was muddy, he smashed into a lamp post. Carline leaves a widow and baby.

FRESHMAN WEEK TO BE OBSERVED

Trojan Fresh Will be Special Guests at Series of Campus Social Affairs

"To concentrate attention to freshmen needs and reactions, to aid in bridging the gap between high school and college more effectively, in an effort to make the freshman year as pleasant as possible, the University of Southern California will observe Freshman Week, from the 13th to the 18th inst. at the University of Southern California."

In addition to the necessary psychological tests, classification examinations, and the physical procedure, a program of social affairs has been arranged. The first group convales to attend a breakfast on Wednesday morning, at the Women's Residence Hall. The Trojan Fresh are to be hosts to the freshmen on Wednesday night, when the main residence hall will be opened formally following luncheon in the afternoon.

President Von Kleinsmidt will deliver the address of welcome at the first general assembly of the class of 1931 Tuesday morning, at 10 a.m., in Harvard Auditorium. Fathers and mothers of the fresh will be greeted on Wednesday evening, the 14th inst., by Dr. Von Kleinsmidt and the faculty, at an informal reception in the presidents suite.

Pomona Banker Improves After Leg Amputation

POMONA, Sept. 9.—Successfully withstanding amputation of his left leg above the knee yesterday morning, following the forming of a blood clot just above the knee, which stopped blood circulation and made emergency measures necessary, Charles M. Stone, president of the First National Bank of this city, today showed marked improvement according to attending physicians, barring possible difficulty with his heart, or a relapse, will recover.

Mr. Stone, who is a pioneer banker of this city, has been ill for the past three weeks, suffering from heart trouble, but his condition was not thought serious until circulation in the left leg became impaired below the knee, Sunday.

A hurried consultation Wednesday evening by surgeons decided that the emergency action was necessary in order to save the patient's life, and numerous friends and acquaintances by today's encouraging news from the Pomona Valley Hospital.

THE LANCER

(Continued from First Page)
It heard it for the first time they set up a roar of protest. Even the publishers were ashamed to put it out.

It was an immediate risk. Millions of copies sold. Whereupon "Tin Pan Alley" flew to its planes and began to compose caterwauling, lugubrious, maudlin dirges. Not a single one got over.

DO OR DON'T
John Blackwood once told me: "There is no reason why the public like a play; no reason why it doesn't. You show them the play; they just like it, or they don't."

BETWAVE COUPLE CAUGHT
BAMFORD, Sept. 9.—On receipt of word that the couple were in custody at Wilkes, Deputy Sheriff W. E. Hoising left last night for that place to bring back S. Maclean, 30 years of age, and Mary Perry, 14, who disappeared from Corcoran last July. A warrant was issued for the arrest of Maclean on a charge of child stealing, sworn to by S. Perry, father of the girl. Mary Perry is to be brought back as a material witness.

LINDBERGH-DAY AID REQUESTED

The citizens' committee which is arranging the reception to be given Col. Charles A. Lindbergh, the transatlantic flyer, on his visit to Los Angeles the 15th inst., has asked the City Council for an appropriation of \$5000 toward the \$18,000 fund which is being raised to defray the expense of the parade, bands and other features of the greeting to the aviator.

The expense of the banquet to be given to Lindbergh at the Ambassador hotel, on the night of the 15th inst., is being met privately and is not included in the committee's estimate of expense. Informally, the Council at its meeting on Thursday said that it regrets that the \$5000 appropriation can not be made on account of lack of funds, as the city has but little money left for celebration expenses for the remaining ten months of the fiscal year, the entire original amount in the fund being \$5000.

AIR MAIL WEEK OBSERVANCE ASKED
All Los Angeles is urged to observe Coast Air Mail Week from the 9th to the 15th inst., celebrating Col. Lindbergh's forthcoming visit and the first anniversary of the Pacific Air Mail, the first mail airplane passenger line operating between Los Angeles and Seattle, by a proclamation issued yesterday by Mayor Clegg. It follows:

Whereas, Los Angeles is to have the honor of being the first city in America to receive the famous transatlantic flyer, Col. Charles A. Lindbergh, on his visit to Los Angeles the 15th inst.; and whereas, the purpose of this proclamation is to promote and encourage aviation, and to celebrate the first anniversary of the Pacific Air Mail, the first mail airplane passenger line operating between Los Angeles and Seattle, by a proclamation issued yesterday by Mayor Clegg. It follows:

SCHOOLS TO CLOSE ON LINDBERGH DAY
Schools will be closed on September 20 to allow students to see and hear Col. Charles A. Lindbergh, and there probably will be a section reserved for junior and senior high school graduates in the Coliseum and sections of the street reserved during the parade for parents with young children.

Local Pastor Meets Coolidge on Visit East
After having been received personally by President and Mrs. Coolidge while spending three days in the Black Hills, Dr. C. A. Bringle, pastor of St. Paul's Presbyterian Church, returned with his family yesterday after a six weeks' absence. The party motored to New York by way of Grand Canyon and the Santa Fe Trail, camping along the way. On the return trip they stopped at Niagara Falls, Chicago, the Black Hills and Yellowstone Park. They were in New York when the demonstrations over Sacco and Vanzetti occurred and had many other interesting experiences in their 8000-mile trip which took them through thirty States.

WORKER FALLS INTO SAWDUST INCINERATOR

William Morrow, 48 years of age, of 771 East Fifty-seventh street, yesterday fell into a sawdust incinerator at the plant of the Cedarvale-Gilbert Lumber Company and was so severely burned that he may not recover. Morrow was unloading sawdust into the incinerator when he slipped. Fellow-employees rescued him and he was taken to the George-Foster-Reising Hospital, where he is attended by Dr. Saverton. He suffered second and third-degree burns.

BURIAL TO ADDRESS MEETING

Col. F. M. Rubles, just returned from a five-months' trip in other lands will be the speaker at the weekly luncheon meeting at the Broadway Department Store, Sunday noon, of the Federation of State Societies, of which he is president.

AUTOIST HELD FOR DEATH FROM CRASH

ONTARIO, Sept. 9.—Ontario police yesterday afternoon placed Ross (Tex) Witt, 24-year-old automobile mechanic, under arrest, charged with manslaughter, in the death of his brother-in-law, Rufus Walter Peterson, Riverside, killed in an automobile crash at Fourth street and Campus avenue Friday evening. Grave fears have been felt for recovery of R. D. Christman, Ontario Community Hospital suffering from the skull fracture inflicted in the crash, when the machine driven by Witt at excessive speed, according to police, crashed into the Christian car and hurled it seventy-five feet. Bail of \$2500 was placed against Witt, and relatives were trying to raise the money today.

PASTOR'S SON GETS CALL

Rev. J. Whitcomb Brouger, Jr., to Occupy Pulpit at New Charge in Glendale Tomorrow

Rev. J. Whitcomb Brouger, Jr., son of Dr. J. Whitcomb Brouger, formerly of the Temple Baptist Church, has been called to the First Baptist Church of Glendale. Young Mr. Brouger is a graduate of University of Redlands, and last June completed his training in the Newton Theological Institution of Boston. He was a Los Angeles High School student.

Mr. Brouger has been preaching at the auditorium of the Bible Institute at 345 tomorrow afternoon, his subject being "The Golden Candlestick and the Olive Tree." The Church of the Open Door worships in the auditorium of the Bible Institute at 345 and Hope streets.

SEMONS ON AMERICA
"America, My America. How Much Do You Know About Her? Would You Be Better Informed?" This will be the subject of sermon tomorrow evening at 7:30 o'clock by Dr. C. A. Bringle, pastor at St. Paul's Presbyterian Church, Jefferson boulevard at Third avenue. Dr. Bringle has just returned from a seven-week tour to camping trip. His most recent and Mrs. C. Bringle in South Dakota and visited the Grand Canyon and Yellowstone, West Point, Mt. Vernon and Niagara Falls. Personalities encountered not only included the President but Maj. Clarence D. Chamberlain, here of the Columbia's flight to Europe, Thos. Ranch, Germany's stunt flyer, Admiral Eberle of the Navy, as well as New York anarchists in the Sacco-Vanzetti case. These experiences will be described in a series of three sermons. Dr. Bringle's sermon subject for tomorrow morning at 11 o'clock will be "Retrospect and Prospect."

SOMEONE'S SERVICE
A special homecoming service will be conducted at Highland Park Lutheran Church, located at 6816 Aldama street, tomorrow at 11 a.m. Rev. W. C. Bushla, pastor, will deliver a message on the subject, "The Church: Its Make-Up and Its Functioning."

GROUND TO BE BROKEN
A ground-breaking ceremony will be conducted tomorrow morning at 10:30 o'clock for the new Olivet Community Church, and Dr. E. F. Ryland, secretary of the Church Federation, will be the speaker of the day. The church is located at 1111 North Main street.

Go To Church Sunday

RUSSIAN

A monster mass meeting will be held in Trinity Methodist Church, 12th and Flower, Tuesday, the 13th at 7:30 p.m., where Rev. Oswald J. Smith will tell the thrilling story of his visit to the Russian Mission Fields and Rev. Michael Billester, a converted Russian, will speak on "Miracles of Grace in Poland," an address that holds his audience spellbound. Then, too, the far-famed prima donna, Madame Maria Karinska, who sang eleven times before the late czar, as well as before the Royal families of Persia, China and Japan, will sing and give her wonderful testimony. In Petrograd she had a palatial residence with an income of \$300,000. She frequently earned \$5,000 a night singing in a gorgeously bejeweled head-dress presented by the czar. Last week 3000 people heard her in the Church of the Open Door. This whole service will be broadcast. Be sure to tune in on K. G. E. F. auspices: The Russian Missionary Society.

Tomorrow afternoon at 3 o'clock Mr. Smith will give his third address in Trinity Auditorium, Grand at Ninth, on the reward and punishment of believers at the Judgment Seat, and Madame Maria Karinska will sing several special messages in song. It was full to the top gallery last Sunday.

Tomorrow night at 7:30 the Gospel Tabernacle, 18th & Georgia, a block North of Washington and one West of Figueroa, will be thronged to its utmost capacity to hear for the first time Madame Karinska's tragic life-story from her own lips. She passed through the horrors of the Russian revolution, escaped with her son and daughter, fighting her way a corpse, had them both torn from her and for two years, thought them dead, suffered untold miseries at the hands of brutal men. Come and hear it all for yourself tomorrow night. You never heard anything like it. But come early if you expect to get in.
